

SijFa Cruises presents:

- MS Carmen 2023
- Passenger Capacity: 126
- Cabins: 62
- Year Built: 1995
- Last Refurbished: 2017

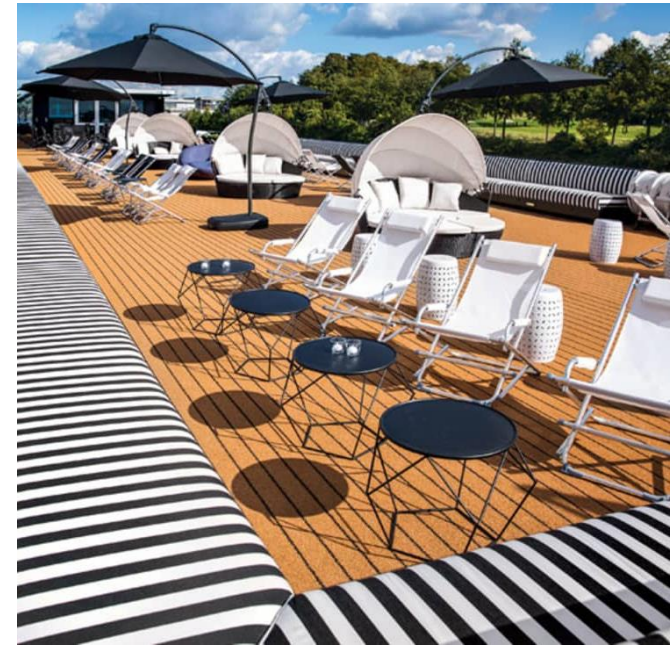

The Lounge is the place for meeting new friends and where the day activities takes place. The bar with the nice selection of international and local drinks is open for you from morning till...

The main dining room aboard MS Carmen is where guests enjoy 3 complimentary meals per day. Sit with whomever you'd like at the communal tables where you will enjoy the onboard derived from the destinations you visit.

Deck facilities

- One of the most unique bars at the European rivers the Sky lounge has walls fit with hydraulics so when the ship reaches a bridge, we simply lower the entire room to make sure it will fit. Enjoy a cold drink while cruises along the beautiful castles along the Rhine.
- Get the best views while cruising down Europe's scenic rivers at the Rooftop Lounge. Whether you're enjoying the sunrise in the morning or life along the riverbanks it is the best place aboard our MS Rigoletto while enjoying a drink and new friends.
- You have a possibility to see the Captain in his/her wheelhouse navigating the ship on this deck.

Cabins & Suites

- There are 62 cabins onboard MS Carmen, in four configurations which accommodate from one to three people. Every room category is the same size – 11.89 Sq meter/128 Sq feet -- apart from the 4 suites, which are double the size: 23.78 Sq meter/256 square feet.
- All cabins come with plush Savoir beds; plenty of outlets (American and European), including USB outlets, for charging; a flat-screen TV; safes; reading lights on both sides of the bed; responsive climate control and copious amounts of storage space. Wooden hangers, plenty of shelves and individual shelving and drawer provide a nook and cranny for anything you could want to stash. Empty suitcases fit under the bed. There is a small desk with a chair in studio and balcony rooms, but not in the studio triple. Suites feature a large desk.
- A modern and thoughtful touch in the cabins of MS Carmen is that both the television and an overhead speaker are Bluetooth-enabled. (If you're not sure how to sync your device, a crew member will happily help.) This allows you to play your own music through the TV or a dedicated sound system.
- Bathrooms are spacious and feel luxe due to the marbled effect of the surfaces. There is an overhead outlet for a shaver, a makeup mirror with a light, a bowl sink, cup for toothbrushes, a high-powered hair dryer and plenty of room under the sink to stow toiletries. A blue LED light stays on and serves as a gentle nightlight.

Cabins, Suites

- Cabin: There are 30 cabins onboard MS Carmen and they are all located on Deck 1. The color scheme for these rooms is a soothing blue-gray. A picture window is along the wall with white wooden slatted blinds to keep light -- and onlookers -- from peering in.
- Balcony: There are 26 Balcony cabins on MS Carmen, located on Deck 2. The balcony is a French balcony (you can step out from a sliding glass door). These rooms are identified by their rich red wall coverings. The same slatted blinds help keep the room private.
- Cabin Triple: There are two Cabins Triples (rooms 232 and 233) onboard. These rooms look very Space Age with one lofted twin bed and one twin bunk, each unit is in its own pod, with separate TV screens, storage space and outlets (European). Adding to the effect are individually controlled touchpads that allow each occupant to manipulate the color of their unit, across the spectrum of the rainbow. The triples are outfitted with most of the same amenities as other rooms, including a picture window.
- Suite: Located on Deck 2 of MS Carmen there are four suites. The biggest differentiator of these rooms is the space, plus a large French balcony with two sliding glass doors. Suites make use of the additional room with a small glass table and two chairs, larger desk and exceptionally big bathroom with double sinks and a heated towel rack. Suites are red with white trim and a black headboard; bathrooms are the same gray-and-white marble.

Guest Laundry:

- 2 wash machines
- 2 dryer
- 1 iron board with iron

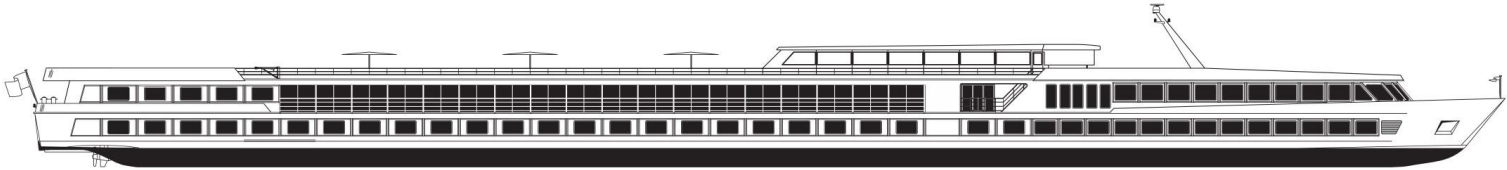

The Gym:

- 1 Cross-trainers
- 2 Home trainer
- 1 Rower
- 2 Treadmills
